"Your Hardware Merchants"

AND WESTINGHOUSE DEALER

DISTRICT CLERGYMAN NEWLY-NAMED CANON

HONORED WITH CALGARY
DIOCESAN APPOINTMENTS

Rev. T. B. Winter, canon of St. Paul's, was born in Sussex, Eng., and educated at the Merchant Tailors' school, London. Coming to Canada in 1902, he continued his education at Trinity College, Toronto, completing it at Westcott House, Cambridge. He was ordained in 1909 by the present Archbishop of Canterbury, then Archbishop of York, and appointed to the parish of the district of Cleveland, Yorkshire. Returning to Canada in 1912, he was stationed at St. Benedict's High River, in 1913, at the end of two years enlisting with the Medical Corps, for overseas service. In 1921 he returned again to Canada, and since that time has served as travelling missionary for the diocese, and missionary at St. Michael's, Strathmore. He is now stationed at Vulcan as rector of St. Adolph's, and rural dean of High River. His new honor came to him in recognition of long and devoted missionary service.—Calgary Herald.

Dick Dupuis had the misfortune of having a tooth knocked out while skating at the rink Tuesday night.

Women's Institute Will Sponsor Play

The Women's Institute is sponsoring a Local Talent Concert to be held on Friday evening March 11th, at 8 o'clock. It will include a very lovely play from the Grade X High School Dramatics Class, "A Minuet," and also a one-act comedy by the ladies of the Institute, assisted by Mrs. G. L. Dupue "They Say—". It will feature the roads and the health of the children, present. Miss Farmer is bringing in a play from A. A. Milne's "Winnie the Pooh" by the pupils of Fireguard school.

The individual numbers will include several items to be presented later at the Musical Festival at Barons, and such old favorites as a dance by Miss Eva Latiff, a saxophone solo from Don Campbell, a quartette of High School boys, a vocal solo by George Campbell, and a dance by Miss Anne Lee. Keep the date free and plan to come and enjoy a right good time.

LOCALS

W. L. Harris is a business visitor in Calgary today.

I Granlin attended the Cock-shut dealers annual meeting in Lethbridge on Wednesday.

Be sure and see the New 1938 Wallpaper samples at J. H. Bastin's store.

Students of the High School held a party on Friday night in the Community hall. Games and dancing provided entertainment for the evening.

A. W. Jopling was a business visitor in Calgary over the week end. While in the city Mr. Jopling attended a meeting sponsored by officials of the Oliver Co. Ltd.

Church of England service will be held at 3 p. m. on Sunday, February 27th, in the Community hall. March 2nd is Ash Wednesday.

Miss Theresa Klein was a visitor in Calgary over the week end, the guest of her sister Miss Rachel Klein. In honor of Miss Klein, Miss Effie Cameron was hostess at a very enjoyable dinner party on Sunday evening, the guests being Miss Theresa Klein, Miss K. Walker, Miss R. Klein and Mr. E. Jarvis.

The Champion Ladies' Social Credit group will meet at the home of Mrs. Norman Patterson on Tuesday, March 1st, at 3 p. m. Those wishing transportation please be at the church at 2:30.

A. Y. P. A. HOLD INSTALLATION

At the regular meeting of the A. Y. P. A. on Monday evening, the 21st, the officers of the Lethbridge Council visited us for the purpose of installing the officers of the Champion branch. The president, vice-president and secretary-treasurer were duly installed in the impressive ceremony prescribed.

The Rev. Canon T. B. Winter gave a most interesting short talk about St. Columbus, accompanying his talk with lantern slides. As a prelude to the meeting, while waiting for the Lethbridge Council who were delayed by fog, S. Lindstedt held an enjoyable sing song.

After the installation a most entertaining program of games and dancing, under the able direction of Hugh Miller and George Hargrave, was entered into. A very fine lunch was served by the entertainment committee and followed by more dancing. The evening's entertainment was concluded.

The officers of the Champion branch were pleased to see such a fine turnout of A. Y. P. A. members from Vulcan and the many interested local friends of the organization present.

In the list of Canadian prize winners at the 19th International Grain and Hay Show, held at Chicago, Ill., U. S. A., November 27 to December 4, 1937, the names of George Avery of Kelso, Saskatchewan, and Louis Wendell, Jr., of Neudorf, Saskatchewan, first and second prize winners respectively for Flax, were in advertisement omitted.

Card of Thanks

We wish to thank our many friends for deeds of kindness and sympathy shown in our recent sad bereavement. Mrs. Hargrave and family.

Municipal District Of Harmony Hold Annual Meeting

The annual meeting of the ratepayers of the Municipal District of Harmony was held Saturday, February 19th, in the Community hall. A good crowd was in attendance. A. J. Miller acted as chairman for the meeting.

The financial statement and auditor's report were placed before the meeting and discussed clause by clause. Leading in the discussion were J. Brown, T. Haines and other ratepayers. Questions were answered by Reeve Griffin and councillors.

A question was raised regarding the extra mileage paid to the reeve, Councillors Ellis and Matlock explained that the reeve had made two trips to Edmonton and other points in the north on municipal business.

In answer to a question regarding school taxes in the City of St. D., the secretary and Councillor Matlock explained that although the council had no authority to levy a direct tax on the lands in question, they did receive a percentage of revenue produced on said land.

The financial statement and auditor's report were accepted. C. H. Smith presented the financial statement of the Vulcan hospital. This was not accepted and the matter was ordered to be taken up with the secretary of the hospital board.

The delegates who attended the municipal convention gave reports to the meeting. A motion, whereby the Vulcan hospital board be asked to hold an annual meeting, in accordance with the hospital act, was carried.

The following nominations were received by the returning officer:

Division No. 2.—A. Hopkins, acclamation. Division No. 6.—W. J. Ellis, acclamation.

SHUTTLE ENTHUSIASTS VISIT VULCAN

The Champion Badminton club were guests of the Vulcan club on Thursday evening. Twenty-one games were played with Champion taking fourteen, winning by 85 points.

The Champion players were Mrs. H. T. Lamont, Mrs. L. Price, Mrs. I. Dittie, A. Latiff, P. Watte, D. Latiff, L. Valsey, I. Dittie, R. Hoffman, and S. Lindstedt.

SHORTHORN OFFICIALS VIEW EASTERN HERDS

Alec McDougall, director of the Shorthorn Breeders' Association, in company with two other directors, Henry Tramm of Lacombe and Joe Bullman of B. C. and J. W. Durno, western field man, returned last week from Toronto where they attended the annual meeting of the Shorthorn breeders held in the Royal York hotel during the week of February 14th.

Mr. McDougall, commenting on the trip east, stated that it was the finest of the kind he had ever taken in his life and the reception in the east, especially anything over experienced before. Everything was done to make the trip enjoyable and also beneficial. The weather was ideal, there being snow and in many places winter wheat was showing green.

Following the meeting, which occupied most of the week, two days were spent in which trips were made by car to various farms where some very fine shorthorn herds were viewed.

The first visit was Beath's farm at Oshawa where a very fine herd was examined. The Grand Champion shorthorn bull at the last Toronto Royal show was bred at this farm.

Will Dryden's farm at Brooklyn was next and there the visitors viewed several fine cattle. Mr. Dryden is manager of the Toronto fall fair and his herd contains many splendid animals.

At the Caruther's farm good cattle were found. J. Miller of Osbourne, an importer from the Old Country, who makes a trip over every year, had many lately imported bulls and heifers.

The Deacon farm at Unionville had a large herd of splendid animals. These animals are shown at the west circuit.

J. H. Russell, Unionville, who has imported for the last two years from the Old Country, had a good herd, with some very outstanding animals.

Chairman of General Motors, had many fine animals. These are well known on the west circuit.

Campbell's farm at Moffatt had a very good herd.

The visit to the Agriculture College at Guelph proved extremely interesting. Here they viewed the bull bred by Stuart at Mill Hills, Scotland and purchased by Duncan Marshall at the Perth Shorthorn sale for 200 guineas, for the college. The herd was good.

W. Wadsworth, Stratford was the last visited. Mr. Wadsworth is the president of the Shorthorn Association and had a beautiful herd.

Mr. McDougall's only regret was that he lacked time to visit some sheep.

Canadian Scallop Supreme

Place in a greased baking dish three cups of sliced fresh or left over vegetables (carrots, potatoes, onions, etc.) and add one cup of cooked and flaked Canadian fish. Pour a white sauce over the fish and vegetables, sprinkle. Bury sifted bread crumbs over the top, dotted with butter. Bake in a moderate oven until the crumbs are nicely browned. Any kind of Canadian fish may be used. The white sauce can be made by melting three tablespoons of fat or butter, blending in three tablespoons of flour, adding two cups of liquid—either half milk and half vegetable water

LOCAL PROPERTY CHANGES HANDS

I Granlin has purchased the property on main street occupied by the Champion Bakery. He has not decided yet what his plans will be regarding the building, he may continue to lease it to the baker for the present and later on have it remodelled suitable for a show room in connection with his present business.

Then... and Now!

Nellie McLung and the
Family Herald & Weekly Star

In her recent autobiography "Clearing in the West", Nellie McLung, pioneer girl of the covered wagon era, now a director of the Canadian Broadcasting Corporation, makes frequent and affectionate reference to the Family Herald and Weekly Star—the paper that has since grown to be Canada's National Farm Magazine.

The Family Herald must have exercised a great influence on the pioneer girl who was destined to become a well-known writer, for she writes: "The Family Herald from Montreal brought the world to our door."

"We read in the Family Herald that there were side in the streets of Montreal" this was the exclamation of Louis Riel. "Always there was the Family Herald with its great wealth of reading."

There are but a few of the references to the Family Herald made in "Clearing in the West". And ever since those early days, the Family Herald and Weekly Star has continued to be a guide, philosopher and friend. As times have changed, so has the Family Herald changed, new features being added from time to time to meet new conditions. For example, with the more general use of electricity and many farmers modernizing their buildings, the Family Herald has been quick to inaugurate a "Power, Building and Mechanics" department which, by supplying practical ideas, is saving Canadian farmers untold money.

Nellie McLung has written of the value of the Family Herald to those of the pioneer days. The value of the Family Herald to the modern farmer and his family has perhaps been best expressed by farmer William Burgess who says: "My wife and I always reckon the farmer who takes his local paper for the LOCAL news and the FAMILY HERALD for FARM news, stores and home features, gets the very best value his dollar will buy."

or all milk—and cooking the mixture until smooth and thick, meanwhile stirring constantly.

Canadian Fish Foods are comparable to meats in nutritive value and they are especially rich in health-giving minerals and vitamins.

"IS IT CANADIAN?"

The British name has always enjoyed a reputation for reliability. It has shown remarkable recuperative power even when its well-knowns were ready to write R.I.P. on its almost prostrate body. And today, when Britain is flushed with prosperity, some outside observers are apt to lay this at the door of the rearmament program.

Recent history discounts this reason. Back in 1932, when Britain appeared to be in the doldrums, the "Buy British" movement began to emerge from the chilly state of talk to action. The results were astounding. With characteristic tenacity the "Buy British" plan was organized on a national scale and it was not long before the public became conscious, through propaganda, of the effect on the national pocketbook and, particularly, employment for it, between January and August of 1933, 619,000 insured workers, or nearly one fourth of the idle, were removed from the ranks of the unemployed to the employment.

One of the most oft asked questions in that period, when the Britisher went shopping, and particularly by women, was "Is it British". Those three words were magical in results on domestic business. Possibly Canada might take a leaf out of Britain's notebook in this regard for the three words, "Is it Canadian?" used by Canadians when buying, whether it be industrial machinery or "hot dogs" would soon quicken the national industrial and agricultural pulse.

NEW PRODUCTS WITH THE AID OF CHEMISTRY

The world is rapidly turning to chemistry to find ways and means for improving the products of its industries and petroleum chemistry is playing an increasingly important part in that program.

The work being undertaken by petroleum chemists may be divided into two major classifications, one the use of chemistry to improve the characteristics of oil products such as motor fuels and lubricants; and the other the application of chemistry to convert petroleum fractions into products of industry such as synthetic alcohols, resins, and solvents.

The former classification represents chemistry's contribution to the world in making one barrel of crude oil do what two barrels was required to do only 20 years ago.

In this respect oil chemistry may be said to have saved 12 billion barrels of crude oil. Art. B.35.

CARMANGAY

G. L. Robertson expects to resume his duties as principal of the school next Monday following his recent illness and operation for appendicitis.

Wesley Knight, son of Mr. and Mrs. Tom Knight of Carmangay West, is making splendid recovery after his serious illness.

At the bonspiel held in Vulcan last week, Scotty Chalmers' rink won the Brewery Cup, defeating the Carmangay rink, skippered by Andy Lawrence, in the finals.

Mrs. Vilas Teesky had the misfortune to fall and dislocate her thumb, while skiing on the snow banks last week. The thumb was set by Dr. Dimock.

Mr. and Mrs. Easton returned to their home at High River on Monday. They have been staying at the home of their son in law and daughter, Mr. and Mrs. G. L. Robertson, during the illness of Mr. Robertson.

Miss Taylor, the guest of Mr. and Mrs. O. L. Taylor, who has been spending a few days with a niece in Lundbreck, returned on Monday and will leave next Tuesday for her home in Boston, Mass. En route, she will stop over a day in Glenora to visit Mrs. Donald Bond.

The senior C. G. I. T. group enjoyed a skating party and finished with a social evening at the manse on Friday night. There were about twenty present.

The intermediate C. G. I. T. group will take a leading part in the United church service on Sunday evening, February 27th.

CARMANGAY

Joe Eskeland left for Seattle, Wash., on Tuesday, travelling by bus.

The postponed meeting of the Women's Hospital Auxiliary was held in the town office on Saturday afternoon, with a fair attendance. Mrs. Moore, the president, was not able to be present on account of illness. Miss Jean Biens kindly assisted. The minutes of last meeting were read and approved. Several members took home sewing to be done for the hospital. Mesdames Walker, Soderquist and Wm. Dayman were appointed as visiting committee for the coming month.

CARMANGAY DISTRICT PROPOSED IRRIGATION SCHEME

A meeting was held in the Grange hotel on Friday afternoon, to further advance the irrigation project for this district. About 50 local and district farmers were in attendance to hear W. D. Hay and A. E. Palmer of the Lethbridge Experimental Farm. Reeve Wm. Reed of Little Bow Municipality, and H. S. Parker, talk on the various phases of irrigation.

Preceding the meeting, farmers and speakers were entertained at luncheon in the Grange cafe, by F. J. Rowley. Chairman H. S. Parker explained the object of the meeting was to show that the whole district was behind the proposed scheme and urged everyone present to sign the petition to be forwarded the Dominion government asking their support.

Following an address of welcome by Mayor Jas. Davey, H. S. Parker outlined the proposed plan of using Clear Lake

as a reservoir to hold water brought from the Highwood river through Mosquito creek. He also spoke of going to Edmonton with Reeve Reed to interview the government and obtaining the promise of their utmost help. Reeve Wm. Reed said he was at the meeting because his council of Little Bow Municipality were highly interested having some 7000 acres of land they should attach for non-payment of taxes. The people living on these lands had to be given government services as well as relieved to keep them going. With water on these lands, they would be independent. No country, he concluded, could be called prosperous when the farmer is making less than a dollar a day for his labor.

Fodder and forage crops was the topic dealt with by Mr. Hay, who stressed alfalfa as a basis for a six year rotation. A crop which can be grown and marketed to the best advantage and feed for livestock age the two big considerations. Wants were a problem to be dealt with on an irrigated farm but by rotating crops the land could be kept comparatively clean.

Mr. Palmer's address on irrigation was listened to with great interest, showing how Alberta was well situated for irrigation purposes and eventually a large portion of this province will come under irrigation.

Concluding the meeting, D. H. Russell moved a vote of thanks to Messrs. Hay and Palmer for their splendid talks, to F. J. Rowley for his excellent luncheon, to J. B. Ross for the use of the hotel for the meeting, and to all others who had helped towards this enthusiastic gathering.

THE BUSINESS MAN LIKES THIS EXPENSE ITEM!

Paying money out is always less pleasant than taking it in. Expense items are headaches for the business man, with one exception.

Money paid for advertising is the single exception. It's the only expenditure a business executive will regard with pleasure, for he knows his money is being invested, not lost.

Advertising is an investment—something paid out today to assure more income tomorrow.

Building demand for merchandise thru advertising is just as important as buying goods.

Advertising not only creates demand and builds good-will; it makes money for the man who uses it.

THERE'S A REASON

There's a reason why you instinctively turn to the merchant who advertises when you want dependable merchandise at reasonable prices.

Advertising builds his sales, increases his business. The lower margin of profit on each sale is passed on to you.

When you see a local storekeeper's ad in the local paper, you can be sure he has considered the buyer's interest as well as his own.

—THE EDITOR

Here's Something New for dinner

DRIED OR PICKLED FISH

Want to surprise the family with a new dinner-time treat? Serve them a tasty dish of Dried or Pickled Canadian Fish.

No matter where you live, your dealer can get you such Dried Fish as Cod, Haddock, Hake, Cuck and Pollack; and such Pickled Fish as Herring, Mackerel and Alewives . . . in perfect condition.
